                  Satin Nickel 619
                  Black
Fire Rating      Pending

Description
Make your door hinges disappear with the RocYork concealed door hinge from EzyJamb!
Some of the features and benefits of the RocYork concealed door hinge from EzyJamb include:
• No visible barrel or pin
• Maintenance free bearing mechanism
• Aesthetically pleasing hinge covers

Application
This revolutionary architectural breakthrough will allow uninterrupted clean lines around internal doors for the ultimate square-set interior.

1 When used with EzyJamb Flush Finish Frames three hinges is strongly recommended

Hinge barrels disappear from view with RocYork’s concealed hinges, leaving subtle clean lines around the EzyJamb.
VERTICAL ADJUSTMENT
Loosen screw 'A' on all hinges (fig.1.1). Proceed with the adjustment of the upper hinge. Adjust the hinge by rotating screw 'B' (fig.1.2), then tighten the screw 'A'. Repeat the adjustment on the lower hinge and finally on the central hinge in the middle so that the door leaf weight will be regularly distributed on all hinges.

It is extremely important to obtain a definite adjustment by acting gradually on all mounted hinges. After having reached the optimal adjustment with the screw, fix the screw to block the hinge without forcing.

HORIZONTAL ADJUSTMENT
Adjust the door leaf by rotating pins ‘C’ (fig. 2.1). Repeat the adjustment on the lower hinge and finally on the central hinge in the middle.

DEPTH ADJUSTMENT
Loosen screw ‘D’ (fig. 3.1). Adjust the door leaf by rotating the screws ‘E’ and tighten screw ‘D’ (fig. 3.2). Repeat the adjustment on the lower hinge and finally on the central hinge in the middle.
